

## JOSEPH ATKINS DEAD FROM PARALYSIS

Manager for Wholesale Grocery Firm Over Forty-three Years.

HAS NO LIVING RELATIVES

Brought to This Country From Ireland by Aunts, Who Have Since Died.

Joseph Atkins, for many years general manager for Frank Hume, wholesale grocer, 454 Pennsylvania avenue, died at 10:30 o'clock this morning at his home, 523 Sixth street northwest, from a stroke of paralysis. Mr. Atkins for several months had been feeling indisposed. About a week ago as he was on his way to the store he was stricken with paralysis. After being removed to his home he was given the best of medical attention, but failed to recover from the stroke. His condition became steadily worse, until his death this morning.

Mr. Atkins had been identified with the establishment at 454 Pennsylvania avenue for over forty-three years. He first became connected with the firm of McKnew & Beall, and as the firm changed hands several times he remained in the position. In all he served through four changes and at the time of his death was general manager of the establishment.

Born in Ireland sixty-two years ago, Mr. Atkins was thrown upon the world at infancy. Prior to his birth his father died, and with his birth his mother died. He was brought to this country by two aunts, with whom he lived until several years ago, when he was adopted by the two relatives. At the time of his death he was without a known relative.

## DR. J. F. THOMPSON SHOWS NO GAIN

Dr. Thomas McArdle, son-in-law of Dr. J. Ford Thompson, who is ill in London, said this morning he had heard nothing regarding the eminent physician's condition since last night, when Mrs. McArdle cabled him that the patient was "temporarily relieved." Dr. McArdle said that meant very little, and he is still inclined to think there is grave doubt as to recovery.

This morning he received a letter written by Dr. Thompson immediately prior to the operation. In the message Dr. Thompson expressed hope of his recovery and wrote, "My friend, Dr. Mayo Robson, in whom I have great confidence, says he will cure me."

## ALCOHOLIC CANDIES ARE NOT INJURIOUS

"Booze drops" do not contain sufficient alcohol to injure the health of school children, is the statement that District Chemist Lynch made today following an analysis of several samples of this form of candy which has recently fallen under the ban of the Commissioner.

## FORTUNE BEING TRIED FOR IDA THOMAS' DEATH

James Fortune, colored, who is held responsible for the death of Ida Thomas, alias Ida Watson, also colored, April 16 last, was placed on trial today for murder in the second degree in Criminal Court No. 1, before Justice Stafford and a jury.

## WYOMING LAND GRAB BY UNION PACIFIC IS LAWYER'S CHARGE

(Continued from First Page.)

his previously filed statements and affidavits, Smith said:

Hints at Influence.

"You will find one affidavit forwarded by Myendorff, where the party states he was told by the Union Pacific officials that he need not fear, as they, the Union Pacific officials, could handle the officials in the Land Office at Washington in any way they saw fit, and that he would in no way get in any trouble if he stood firm with the Union Pacific Coal Company."

"It certainly was a great surprise at this late date to hear of the secret hearing that was pretended to be had at Evanston, last July, and declared in favor of the Union Pacific Coal Company."

"Will you please write me why myself or anyone opposing the fraud was not notified of this hearing going to be had, after all the correspondence and affidavits in the past two years, and the encouragement we have received through Mr. Myendorff, and direct from your office. Why were we ignored and the Union Pacific Coal Company allowed to go ahead, as you see by a clipping out of yesterday's Denver Republican, wherein the land lands referred to are the same that we have been contesting?"

"The record is a very lengthy and detailed one. Smith gives a list of a large number of people who filed declaratory statements and afterward turned their backs to the Union Pacific Coal Company for various considerations. His statement, as a whole, reflects severely on the land office and on Commissioner Richards."

Commissioner Is Silent.

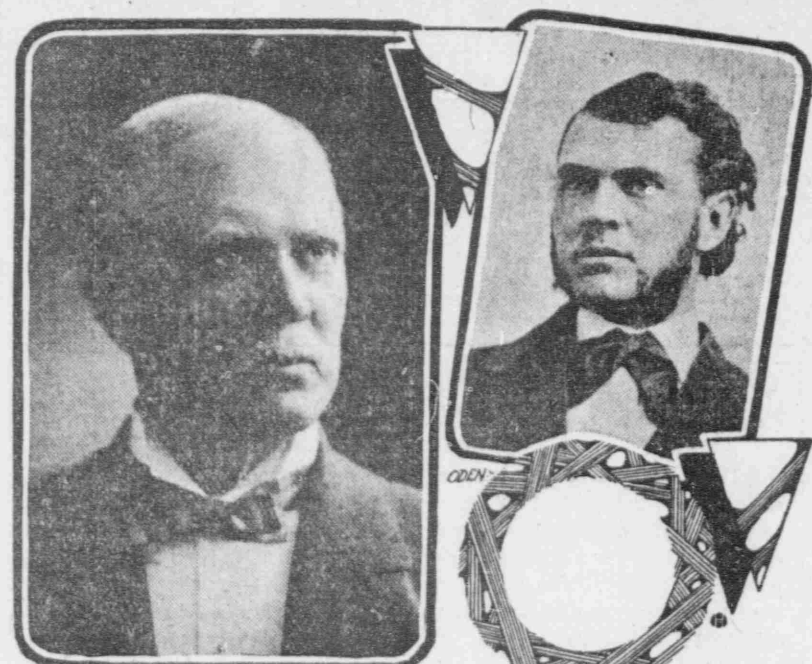

When a complete copy of the Smith protest was submitted to Commissioner Richards he declined to make any statement whatever. He would not even say whether the extracts from official letters quoted by Smith were authentic, or whether he knew of any such affair.

The matter has been placed in the hands of Secretary Hitchcock, and an inquiry, which has been afoot for some time, is still in progress.

NO RECIPROCITY.

For his new play, "Robin Hood," Mr. Lewis Waller has been studying singing. The rumor that some of the singers in musical comedy are studying acting is officially contradicted—London Evening News.

## General Sherwood's Return to Congress

GEN. ISAAC R. SHERWOOD,

As He Appeared When Elected to Congress Thirty-four Years Ago and Today

## Former Republican Back, After 34 Years' Absence, as Democrat.

The election to Congress from the Toledo, Ohio, district of Gen. Isaac R. Sherwood was a notable political triumph. Thirty-four years ago he was chosen from the same district as a Republican. This year he was the candidate of the Democrats and the Independents of the Ohio Northwest, and as the district is overwhelmingly Republican the victory of Sherwood is the more notable. J. H. Southard had represented the district for eleven years, when he was defeated by Elmer McClelland, a young lawyer of Bowling Green. No wise politician in Toledo thought that General Sherwood could win in such a stronghold.

Although he is past seventy-one years of age, he went into the campaign with the vigor of his younger days, and won by forty-two votes. It was the great

surprise of the Ohio election and a contest is not likely.

Case That Recalls Others.

When General Sherwood takes his seat in Congress he will not find a member there with whom he sat thirty-four years ago. General Ketcham, the veteran member from New York, was in the House with Sherwood, but died a few days prior to the recent election. "Uncle Joe" Cannon came to Congress for the term following that of General Sherwood.

It recalls the return of Galusha Grow after nearly as long an absence and also the return of ex-Speaker Keifer, who was in retirement for twenty-four years.

Even if seventy-one years old, General Sherwood is alert and vigorous and as chipper as most men at forty.

Wife a Well-Known Writer.

Mrs. Kate Brownlee Sherwood, wife of the Representative-elect, is a woman whose work in soldier's organizations has made her prominent the country over. In some respects she is a better politician than her husband, and as a poet is well known in Ohio. As a member of the first call for the Woman's Relief Corps she joined the G. A. R., and has published several books.

## GERMANY CHECKS SUFFRAGE RIOTS

Deals With Iron Hand in Sentencing Leader of Women's Rights Movement.

BERLIN, Nov. 19.—There will be no such demonstration by women suffragists in Germany as have occurred in England, if the authorities are able to crush the movement by rigorous court proceedings. The hand of the trial of that is being shown today in the trial of Miss Auguste, leader of the women's rights movement in Hamburg, when a penalty of a year's imprisonment against her was asked for interfering with and insulting policemen who broke up a women's demonstration.

Miss Auguste violently opposed the interference of officers and the ladies' mass breaking will be served in Notre Dame Hall. Several women were slashed in the affair.

## ALUMNAE READING CIRCLE GIVES ENTERTAINMENT

The Alumnae Reading Circle of Notre Dame Academy had a most enjoyable evening's entertainment last Wednesday at the hall of the academy, North Capitol and K streets. The program was most attractive, and included an opening chorus by the young ladies of the society, followed by the presentation of the first scene from "The Merchant of Venice," by Mrs. Hartnett, Miss Katherine Pennell, and Miss Nellie Becker; Hamlet's soliloquy, by Miss May Austen; recitation, "Marie Antoinette," by Miss Jessie Millwright, and a solo by Miss Nellie Becker. The program concluded with an address from the Rev. Francis McCarthy, S. J., of St. Aloysius Church, the spiritual director of the society.

The yearly business meeting will be held next Sunday, November 25, at 7 a. m., in St. Aloysius Church. Following the mass breakfast will be served in Notre Dame Hall. This is one of the annual religious services of the alumnae, and is looked forward to with much interest by the members.

## BEAUTIFUL COMPLEXION

Lady of Fifty Looks Like Sixteen.

A Nashville lady found a way to beautify her complexion without the use of drugs or face creams.

"Before I began the use of Grape-Nuts," she writes, "I was convinced I could not live long. I was sick all the time; heart trouble, kidneys seriously affected, eyesight bad, sense of smell was gone, and hearing very poor."

"My family thought I had dropsy and could not get well, and I only ate Grape-Nuts because I slept better afterwards—did not dream I could be entirely cured, had quit all treatment and given up hope."

"After spending a large sum of money, and being under the best physicians for three years without result, I commenced eating Grape-Nuts food three times a day and now I am sound as a dollar, am in perfect health, fifty years old and my complexion is better than some girls at sixteen."

"I never have headache, nerves are strong, sight so much improved I need no glasses, heart and kidneys in perfect condition."

"Your Grape-Nuts alone cured me and I cannot find words to express my thanks to the Postum Co. I have told hundreds of people what cured me. It was simple food that I could digest."

"There's a reason." Name given by Postum Co., Battle Creek, Mich.

"It cannot be overdone to permit what damage has been done by improper eating, not knowing any better way. A change to Grape-Nuts soon tells the story. Read the famous book, 'The Road to Wellville,' in pkgs.

## FIERCE GUN FIGHT WITH BANDIT GANG

Policeman and One Robber Fatally Shot in South Chicago.

CHICAGO, Nov. 19.—One policeman and a safe blower were fatally wounded in a pistol battle between two policemen and four safe crackers at the South Side elevated station at Sixty-third street and Madison avenue at 2 o'clock this morning.

The wounded are: Luke Fitzpatrick, 657 Evans avenue, shot four times in head and body. Taken to Hotel Dieu Hospital in a dying condition.

Charles Hanson, of Bloomington, Ill., shot through the stomach. Taken to Hotel Dieu Hospital. Will die. The shooting took place in the presence of a dozen passengers and a panic ensued. The result was the arrest of an attempt to arrest the four safe crackers. Hanson's three companions made their escape and the police of Kensington and other nearby towns were notified of the affair and the country is being scoured in search of the bandits.

Married. GRILL—NALLY.—On Wednesday, November 14, 1906, at the residence of the bride's father, of Baltimore, GEORGE A. GRILL and EVA M. NALLY.

Died. BROWN.—On Saturday, November 17, 1906, at his home, 331 G street northwest, AUGUSTUS BROWN, in the eighty-second year of his age.

Mr. Brown's death was primarily due to old age. For many years he had been a member of the original members of the Baltimore and Annapolis Police Force, having been one of the original members of that body. For many years he was assigned to the Georgetown end of the Aqueduct Bridge and was known to everybody in that section of the city.

Funeral services will be held at 2:30 o'clock tomorrow afternoon, and burial will be made in Oak Hill Cemetery.

HUMPHREYS.—On Sunday morning, November 18, 1906, at 61 North Carolina avenue southeast, CHARLES, beloved husband of Elizabeth C. Humphreys, in the fifty-fourth year of his age.

He was born in Lowell, Mass., in the year 1852. Early in life he went to Baltimore, where he took up the profession of civil engineering. He has been working for the Government as civil engineer for the last fifteen years. He married Miss Elizabeth Humphreys in 1877. He is survived by his widow and a son, Charles R., and two daughters, Jessie and Nannie.

MURPHY.—On Sunday morning, November 18, 1906, at 8:45 a. m., at her residence, 1237 Thirty-second street northwest, MRS. MARY MURPHY, aged sixty-four years.

May her soul rest in peace. (Baltimore papers please copy.)

SHOEMAKER.—Suddenly, on November 17, 1906, at her residence, 1007 New York avenue, SOPHIE J. SHOEMAKER, in the fifty-fifth year of her age.

She was for many years a familiar figure in real estate markets of this city. She was born in Montgomery county, Md., and came to Washington thirty-one years ago.

ATKINS.—On November 18, 1906, at 10:30 a. m., at his residence, 523 Sixth street northwest, JOSEPH ATKINS, in the sixty-second year of his age.

## ELECTRIC ENGINES TO BRING TRAINS IN UNION STATION

Commissioners May Ask Congress to Require Railroads to Adopt System.

Congressional action to require the railroads running into the new Union Station to use electric locomotives within the city limits will be asked by the District Commissioners in the event of the railroads not readily agreeing to Commissioner Macfarland's request that such be done. Commissioner Macfarland is of the opinion that it will not be necessary to invoke this aid, for he hopes the railroads will comply with the spirit of the Commissioners' letter to the presidents of the electric roads, sent on Saturday, and that the electric locomotives will be introduced by the time the new station is completed and ready for train service.

Joseph Crawford, general agent of the Pennsylvania railroad, stated today that it was only a matter of time when electric locomotives would be used at all the principal stations of the road. He did not care to state, however, when they would be introduced here, adding that it was a matter that required some time in consideration. He referred to the experiments with this type of locomotives the road is at present making on its Long Island branch, but stated that they have been shown to be lacking in many important points.

W. V. Finley, second vice president of the Southern Railway gave similar views, stating that the question of the proposed substitution would require some time in settlement. He had no idea, he said, what the Southern proposed to do at this time.

LONDON, Nov. 19.—Father Bernard Vaughn's notable sermons in the Mayfair Jesuit chapel on "The Sins of Society" have just appeared in book form. "I confine my denunciations," Father Vaughn says, "to a particular section of the community, the vulgar rich who haunt the neighborhood in which I preach. Not that they are the only offenders, but they are among the worst."

## FARM HAND LOSES WAY AND SLEEPS IN BARN

The mystery surrounding the disappearance of Henry Fritchard, twenty-two years old, from Tacy's farm, Gingles, Md., last night, was cleared up this morning, when the young man turned up at the farm, and said he lost his way and was compelled to sleep in a barn.

## ALBERT L. JOHNSON BUYS MORSELL HARDWARE STORE

Albert L. Johnson, who has been continuously connected with Morsell's hardware store for the past twenty years, has bought the business in its entirety. Mr. Johnson has for the past five years been the manager, and has personally conducted all of the affairs of the firm. He will continue the business along the same lines as heretofore, and every possible courtesy will be extended to warrant a continuance of the public's liberal patronage. Mr. Johnson, though a comparatively young man, has been connected with the hardware trade in this city for over twenty-five years, and numbers almost the entire trade among his friends.

## STATES' CLOSE RACE AS COAL PRODUCERS

West Virginia Crowding Illinois For Second Place to Pennsylvania.

Illinois and West Virginia are running neck and neck for second place in the list of coal producing States. Pennsylvania is still in the lead, and will probably remain there.

Last year's record, according to an announcement by the Geological Survey this morning, gave Illinois' production at \$3,434,293 short tons, valued at \$40,577,392. During the same period, West Virginia mined \$7,791,589.

The figure shows that the Geological Survey believe that this year's statistics will show West Virginia ahead of Illinois.

## MAY NOT EXHIBIT AT JAMESTOWN

Committee to Discuss Advisability at Meeting Tomorrow Evening.

The advisability of abandoning the proposed Washington exhibit at the Jamestown Exposition will come up for final action by the Jamestown committee at a special meeting of the committee tomorrow evening in the rooms of the Washington Board of Trade.

Suggestions have been made that the exhibit be abandoned because Washington merchants have not come forward with the expected support of the project. Up to date only 5,000 feet of space has been sold. This, it is argued, would hardly do credit to the National Capital, especially in view of the good showing that will be made by Baltimore and other Eastern cities.

It is a matter that will have to be passed on by the full Jamestown committee. While several of the members of the committee have gone on record as favoring giving up the exhibit, the others have not yet expressed their opinion of it.

The probabilities, however, are that, unless there is some radical change in the situation, the project which was advertised as a great way of booming Washington's greater commercial prominence will be summarily abandoned.

## HOLY TRINITY BAZAAR IN GEORGETOWN TONIGHT

Much interest is being manifested by Roman Catholics in Georgetown in the fair which will open tonight for the benefit of Holy Trinity Church parochial school. The bazaar will be held in the school house, Thirty-sixth and N streets, and will continue ten days. Proceeds from the entertainment will go toward the erection of a new schoolhouse.
